WILSON WELCOMED TO LONDON TODAY

Amid Booming of Guns and Cheering of Enormous Crowds, President Enters Capital.

IS MET BY KING AND QUEEN

Impressive Gathering of Notables at Station When Pres. and Mrs. Wilson Arrive.

Dover, Eng., Dec. 26.—The war was first won because it gave the world security against unjust aggression and established understanding between great nations for demanding justice," President Wilson said here today, responding to an address of the mayor shortly after stepping foot on English soil. The president also said, "He was glad to match his mind with minds of others who proposed to do their best in the great settlement.

London, Dec. 26.—Amid boom of guns and cheering of enormous crowds, President Wilson was welcomed to London this afternoon. King George and Queen Mary met him at the train. As he left his car a band played the Star Spangled Banner. The king quickly stepped forward when President Wilson appeared and shook hands with him cordially. Then Mrs. Wilson advanced, bearing a huge bouquet. The queen and Princess Mary were introduced. The president and the king reviewed the king's guard in the train shed. During the ceremony the guards stood at attention.

The king and President Wilson were engaged in a lively conversation as they walked. The king next introduced Premier Lloyd-George. He advanced and shook hands with utmost cordiality. There was an impressive gathering of notables at the station and after a number of them had been introduced, the king suggested that Wilson step into his carriage.

"If you will excuse me I will just shake hands," said President Wilson. He walked to a group of American officers and shook hands and then joined the king and entered his carriage.

Chaumont, Dec. 26.—In his address to American soldiers Christmas day, President Wilson said that he did not find in the hearts of the great leaders with whom he was cooperating any difference of principle or of fundamental purpose.

In response to an address presented to him at the Hotel De Ville soon after his arrival here tonight, President Wilson said:

"I feel that I have been peculiarly honored in the generous reception you have given me, and it is the more delightful because it so obviously comes from the heart. And I can not but believe it is an instinctive response to the feeling that is in my own breast, because I think that even you, who feel contact with our soldiers, can not but realize the

STARTS TRADE WITH RUSSIA

War Trade Board to Allow Imports to Parts of Finland

(By United Press)

Washington, Dec. 26.—Plans for resuming general trade with parts of Russia and Finland were disclosed by an announcement from the war trade board that applications now will be considered for import licenses for commodities, the chief of which are platinum, various furs and skins and furs, sulphur and various kinds of seeds.

Telegrams also played an important part in homes, bringing the Christmas spirit to Rush county homes as throughout the entire day messages from the boys of old Company B who recently landed at Camp Merritt gladdened scores of homes in every part of the county. The same strain ran through each message:

"Greetings—will be home soon."

TOTAL MEMBERSHIP 7,853

Red Cross Enrollment Increased 291 in Union Township

The official total of 1919 members of the Rush county chapter of the American Red Cross was raised to 7,853 today. The increase over the last report Tuesday was due to 291 additional memberships being reported from Union township, making 591 members or 49.1 percent of the population enrolled.

All farms and factories, all of whose employees are enrolled in the Red Cross for 1919, are urged to call at headquarters at the recorder's office in the court house and get their flags and 100 percent membership cards.

ONLY 6 NEW CASES IN FOUR DAYS HERE

Fewer Influenza Patients Found in Rushville, Daily Average For Month Being Seven

NO NEW CASES ELSEWHERE

Only six new cases of the influenza have developed in Rushville in the last four days, according to reports received by the secretary of the city board of health, Dr. J. B. Kinsinger. No new cases from elsewhere in the county have been reported to the county health officer, Dr. E. L. Wooden.

Two of the six additional patients in the city were afflicted Monday, two Tuesday, one Wednesday and one today. These six make a total of 183 cases reported in Rushville this month, which is an average of seven a day. The daily average has been reduced since the middle of the month.

The new cases in Rushville are: Mrs. Andy Moore, 424 West Fifth street; Clara Belle, age 3, and Opal Warrick, age 5, 1121 West Market street; Mrs. Guy Mulbarger, 917 North Harrison; Thomas Reardon, 305 West First street and Mrs. George Monjar, 212 West Second street.

MESSAGE FROM SON IN RUSSIA XMAS GIFT

Mr. and Mrs. Bert Mull Receive Cablegram From Leslie Mull Who is at Archangel.

MANY SOLDIER SONS WIRE

"Season's Greetings—Am feeling fine."

The message which found its way into the home of Mr. and Mrs. Bert Mull in Walker township late Christmas evening brought Christmas cheer which gifts could not be replaced, for the message had its beginning some hours before when their son Leslie, who is stationed at Archangel, Russia, flashed greetings to his parents half way around the world.

Since August young Mull has been stationed in northern Russia with the 85th division, the members of which vainly attempted to keep peace among the numerous factions of the country. He is a member of an engineering unit and according to letters received by his parents, has participated in numerous scouting expeditions against the Bolshevik troops.

Telegrams also played an important part in homes, bringing the Christmas spirit to Rush county homes as throughout the entire day messages from the boys of old Company B who recently landed at Camp Merritt gladdened scores of homes in every part of the county. The same strain ran through each message:

"Greetings—will be home soon."

CIVILIANS JOINING REVOLTING SAILORS

Berlin Dispatch Received at Copenhagen Says Government's Position is Dangerous

SEVENTY KILLED IN BERLIN

Copenhagen, Dec. 26.—Troop and civilians are joining the revolting sailors in Berlin, according to a dispatch from the German capital received here today. The dispatch, sent Christmas night, said that the government's position was becoming more dangerous. Two regiments have joined the rebels. Leaders of the revolutionists stated the whole Berlin garrison will soon join.

Marines from Kiel and Wilhelmshaven are reported enroute to Berlin to help the revolting strikers. It is believed, according to Berlin advises, that nearly 100 have already been killed in street fighting.

Berlin, Dec. 26.—Seventy persons were killed and many more wounded in the sailors uprising, in which the Royal palace was seized, newspapers estimated today.

It is officially claimed that the quick suppression of the conspirators has convinced the sailors that they are powerless to cause further trouble and that they have pledged themselves not to oppose the government again.

IS ASKED TO WRITE DRAFT OBSERVATIONS

Local Board Requested to Tell Something About Human Side of Conscription

TO BE SENT TO WASHINGTON

The local army selection board, which sealed the county records on the selective draft about ten days ago, has still another task to perform. This time, however, it is not an order, but a request, which comes from E. H. Crowder, provost marshal general.

He has asked that members* of boards forward by December 31 and brief chronicle of incidents regarding the operations of the selective service law. George B. Moore, Jr., clerk of the board, has already written three type-written pages detailing some of his observations.

Board members are asked to write on any subject—mobilization, classification or any other feature. It is pointed out by the provost marshal general that the records of the selective service law will not be complete with only the cold statistics. Instead, the government wants to file in the archives at Washington something of the human side of the law which broke all American precedents.

The temperature dropped to eighteen degrees above zero during last night, which is the coldest of the winter, and this morning at ten o'clock had raised only one degree. Fair and slightly warmer weather is promised for tonight and tomorrow.

ARE IN ACCORD WITH WILSON

German Cabinet Agrees With President, Scheidmann Declares

(By United Press)

Berlin, Dec. 26.—"We are all heartily in accordance with President Wilson," declared Phillip Scheidmann, member of the German cabinet, in an interview today. This statement summed up his analysis of the German attitude toward the peace settlement. Scheidmann said that a stable government will be established—a responsible constitutional government to deal with the allies and the United States. All disorder in Germany will disappear shortly, he promised. The Bolsheviks, he asserted, is rapidly dying.

Mrs. M. M. Coyne and daughter Marcella have returned to their home after spending Christmas in Connersville.

THOUSANDS CHEER AMERICA'S FLEET

Greatest Naval Review in American History on Occasion of Battle Squadron's Return

NAVY NOW A SINGLE UNIT

(By United Press)

New York, Dec. 26.—America's battle fleet returning victorious from the war, was welcomed home today by cheering thousands. A small storm blotted the sight as they moved up the bay and passed the Statue of Liberty where, Secretary Daniels reviewed them from the deck of the presidential yacht, Mayflower.

Preceding the fleet came a swarm of small submarine chasers clearing the way. It was the greatest naval review in American history, as it marked the day when the United States formally assumed its place as the second naval power of the world. The navy today had its first being as a single unit.

The review was the official welcome to the Atlantic fleet which for nearly two years has kept the United States flag flying in European waters. The home coming fleet comprised Admiral Mayo's flagship, the Pennsylvania, and nine other dreadnaughts.

Arizona, Oklahoma, Nevada, Florida, Utah, New York, Texas, Wyoming, and Arkansas.

SNOWFALL MAKES XMAS AN IDEAL DAY

Weatherman Hits it on Prediction of Colder, Temperature Dropping to 18 Above

I AND HALF INCHES OF SNOW

Although the weather man missed the first time he predicted colder weather and snow this week, he was right the second time and provided a "white" Christmas, with all of the "trimmings," including the moderately cold weather, which go to make Christmas ideal. Since the weather man made good, he is not to be censured the next time he fails.

Eight-tenths of an inch of snow fell Christmas eve so that old Santa Claus did not have to forsake his time-honored vehicle, the sleigh, to reach the homes of all the good little folks. Five-tenths of an inch fell Christmas day, according to the records of the county weather observer, Elwood Kirkwood, of Mauzy, making a total of one and a half inches of snow on the ground today.

The temperature dropped to eighteen degrees above zero during last night, which is the coldest of the winter, and this morning at ten o'clock had raised only one degree. Fair and slightly warmer weather is promised for tonight and tomorrow.

RICHMOND TO PLAY HERE

Rushville Quintet to Meet Strong Team Friday Night.

The Rushville high school basketball team will meet the Richmond high school five here tomorrow evening at 7:30 o'clock at the Graham Annex gymnasium. This will be the stiffest proposition the local quintet has had this season and they hope to make a good showing against the team which is always regarded as the strongest in this section of the state. Since Rushville's victory over Brookville recently, the team has recovered from an early season slump, brought on by lack of practice and injuries, and is going into the game to win. The admission will be 25 cents.

Lewis Frazee of Miles City, Montana, is visiting his parents, Mr. and Mrs. John P. Frazee, and family.

MRS. GRACE KLENK IS DEAD

Former Resident of This City, Expires Tuesday Morning

Mrs. Grace Klenk, wife of Robert Klenk died at ten o'clock Tuesday morning at her home in Connersville. The ailment was double pneumonia. The deceased was born in this city, October 28, 1896, and was the daughter of Mr. and Mrs. Jacob Roth. All her life time was spent in this city until two years ago, when she moved with the family to Connersville. Her death comes as a great shock to her many friends in this city and in the vicinity that she was living. Besides her husband and parents, a baby daughter, fifteen months old, one sister Miss Murilla Roth and one brother Ernest Roth, survive her.

HOOSIERS ENJOY A CHRISTMAS DINNER

Rush County Boys With 139th Field Artillery Pass Day Pleasantly at Camp Merritt, N. J.

RED CROSS AND Y M C A HELPS

Rush county boys with the 139th Field Artillery, which arrived from overseas Monday and is in quarantine at Camp Merritt, New Jersey, enjoyed a Christmas dinner, with turkey and all the other things which go with a Christmas meal, according to dispatches from New York today. The holiday was also marked by a band concert during the dinner hour.

The camp Y. M. C. A. presented each soldier visitor to its hut with a pair of stockings generously filled with nuts and oranges and the Red Cross distributed boxes of candy. Christmas entertainments were given last night in the huts of the various welfare organizations.

Fifty per cent of the enlisted men and all officers that could be spared from camp had passes which permitted them to spend the day in New York city, which holds more interest for our returning soldiers than did Paris.

The amount appropriated must not exceed one hundred thousand dollars and the taxation for that purpose must not exceed two mills. There must be a bond issue and the bonds may be made to run twenty years, lightening the taxation each year by such apportionment.

The commissioners, in the event that such election carries, must appoint four trustees. Not more than two of these must be of the same political party and at least two must live outside the city in which the hospital is to be located. No practicing physician can be appointed to a place on the board. The members appointed to places on this board must determine by lot the length of their terms as one expires each year. After the first year the board of commissioners appoint one each year as the terms expire.

The hospital will be an institution to assist in the proper care of the sick and aid to the injured. It will be for the rich and poor alike. Those who are able to pay will be charged reasonable rates—those who are unable to pay will be cared for as well. It will be an institution for the proper exercise of the skill of the physical and the care of the nurse. Politics, religious belief, fraternal or social status or place of residence will not be considered—it is for all.

FORMER GOVERNOR DIES.

Little Rock, Ark., Dec. 26.—Former Governor Dale W. Jones died at his home here shortly after noon yesterday. He was born in Bowie county, Texas, Dec. 15, 1839. He served two terms as Governor and one as attorney general of Arkansas. He was a colonel in the Confederate army.

HOSPITAL MAY BE BUILT BY COUNTY

If one is Erected as Memorial, Public Contributions Will not be Necessary.

CONTRARY TO BELIEF HERE

State Law Provides Commissioners May Appropriate if Authorized at an Election,

It is apparently the opinion of many that if a county hospital were built as a memorial to the soldiers from Rush county who fought in the world war, that it would have to be done by public contributions. This is far from the case because these is a state law which allows the fixing of a tax levy to raise the required amount both to build and maintain a county hospital.

The county commissioners purchased the old county fair grounds last fall and it was then generally believed that the board had in mind then the fact that the ground would make an ideal site for a county hospital.

Previous to the time the purchase was made, there had been some agitation for a tri-county tuberculosis hospital, to be built and supported by Rush, Decatur and Shelby counties.

Rushville physicians frowned on such a scheme, declaring that it would be far more satisfactory for the county to build a hospital under the terms of the state law. The commissioners have not the authority to levy a tax or make the appropriation to build a hospital, but must first be authorized at a special election which they may call when a sufficient number of freeholders petition for one. The terms of the law, briefly stated, are as follows:

Two hundred or more freeholders of the county, 150 of whom live outside of the city in which it is proposed to locate the hospital, must the presentation of such petition the board must call an election at which election the question as to whether or not there shall be an appropriation must be voted upon by the qualified voters of the county.

The amount appropriated must not exceed one hundred thousand dollars and the taxation for that purpose must not exceed two mills. There must be a bond issue and the bonds may be made to run twenty years, lightening the taxation each year by such apportionment.

The commissioners, in the event that such election carries, must appoint four trustees. Not more than two of these must be of the same political party and at least two must live outside the city in which the hospital is to be located. No practicing physician can be appointed to a place on the board. The members appointed to places on this board must determine by lot the length of their terms as one expires each year. After the first year the board of commissioners appoint one each year as the terms expire.

The hospital will be an institution to assist in the proper care of the sick and aid to the injured. It will be for the rich and poor alike. Those who are able to pay will be charged reasonable rates—those who are unable to pay will be cared for as well. It will be an institution for the proper exercise of the skill of the physical and the care of the nurse. Politics, religious belief, fraternal or social status or place of residence will not be considered—it is for all.

Pheonix Lodge No. 62, F. & A. M. will have installation of officers at 7:30 o'clock Friday evening. It earnestly requested that every member be present.

NOTICE RETAIL DRUGGISTS NO MORE VAPORUB DIRECT BUY IT FROM YOUR JOBBER

Effective Immediately, No More Direct Shipments Will be Made Retailers. All Shipments Now Go To Jobbers for Redistribution.

When the influenza epidemic struck the country and wiped out our warehouse and jobbers' stocks almost over night, we were faced with the problem of distributing—to the stricken districts—in the quickest possible manner—our daily output of VapoRub. We solved this by offering to ship direct to the retailers in these influenza districts by parcel post prepaid, quantities of not more than three dozen VapoRub in any one shipment, and by shipping what was left from our daily production to our jobbers by express instead of freight.

This was costly, but it solved the problem for the time being. Now, however, we find that these small shipments are constantly increasing, we have received as many as 1,300 in a single mail. It is becoming impossible for us to fill these promptly, and instead of distributing our

goods more quickly, they are really slowing up the process.

We believe that we can serve you better now by reverting to our former policy of shipping exclusively through the jobber, and effective immediately, no more drop shipments will be made.

While we have put on a night shift and have thereby, about doubled our production, we are still unable to fill our back orders and won't be able to give each jobber all the VapoRub he wants. Hence, it will be necessary for the jobbers to continue distributing VapoRub in small lots only. But we will be able to furnish each jobber at least twice the quantity of VapoRub that he purchased for the corresponding month last year, so there should not be any difficulty in your getting your pro rata share.

We feel that the public appreciates the service that the retail and wholesale drug trade have rendered the country in this time of stress. We wish to express to both branches of the trade our thanks for the kind co-operation extended us in our efforts to meet this emergency.

KANSAS BECAME SOLDIER STATE SPECIAL MILLING RULES STOPPED

When Boys Returned from Civil War it Offered Such Inducements State Was Flooded.

LAND STILL UNHOMESTEADED

Problems of Placing Boys on Farms Will be Difficult Because of Lack of Land.

(By United Press.)

Topeka, Kan., Dec. 26.—As the Kansas boys begin to come back from the war, and the problem of placing them on the Kansas farms, already pretty thickly populated, is considered, the boys' fathers are telling how it was done when they returned from the war, following demobilization of the Union army.

The conversation usually leads to the conclusion for settlement by the returning soldier who has little besides his strength and determination as capital.

There is some land still unhomesteaded in the extreme western part of the state, but it is not suitable for farming. Some of it might be made suitable for farming. Some of it might be made suitable by irrigating, but no young man who needs a farm for a living could afford to do the irrigating. It would have to be undertaken with public money, and it is fairly certain that there won't be a lot of public money available for the purpose when the boys get home—as they already are getting home.

The farms from which most of the Kansas boys went will reabsorb most of them without much difficulty just as most of the rest of the country will reabsorb most of its quota of soldiers, leaving the unemployment problem not much worse than it was before the war, after peace conditions have taken the place of war conditions. The question of displacing woman labor is not so important in Kansas as in the manufacturing states.

When the boys come back from the civil war, Kansas was practically all virgin prairie, and the homestead law offered the returning trooper such inducements to take up claims in the new country that they swept into the state like a flood. Kansas had sent to the Union army more soldiers than she had voters, without the use of conscription. When those who were left alive from the 16 Kansas regiments returned, they were accompanied by tens of thousands of strangers who had fought for the Union.

The Kansas State Historical society estimates there were 150,000 war veterans in the state in 1885. Other thousands had come and gone during the 20 years between the close of the war and that date. Many had been chased back East during the first few years of their settlement by armies of grasshoppers that foraged the country much more thoroughly than any of the boys in blue had foraged the invaded south.

Kansas was distinctly a soldier state. With the energy and enthusiasm of returning conquerors who had been given a chance, they broke out the prairie, built roads, made their humble homes, and turned a desert of coarse grass into a garden empire. The land some of the late comers paid \$5 an acre for now sells for from \$250 an acre up. There were no Bolsheviks among those returning soldiers, and nobody worried about the social, economic, or industrial unrest that might follow their demobilization. There was land enough for all, the terms were most liberal. Their only unrest was that caused by rain dripping through their shanty roofs.

In 1881, when the old soldier rule was practically complete in Kansas 90 percent of the legislature was composed of old soldiers, and the same class of citizens held practically all the city and county offices in the state. The old boys have retired from most of the public offices now, and are ready to turn them over to the new returning army. Meanwhile the men who were too young for the first war and too old for the last one, and perhaps had their hands in the little Spanish-Philippine episode, have been helping the old boys hold on till the young fellas get back from Germany.

TRY A WANT AD

SPECIAL MILLING RULES STOPPED

Plans for Retention of Butter and Cheese Storage Regulations Have Been Announced

STORAGE HOUSES CONTINUE

Food Administration Cannot Assist in Disputes Due to Rejection Shipments of Cereals.

All special milling rules have been discontinued upon order of the United States Food administration. Dr. Harry E. Barnard, federal food administrator for Indiana, today announced that except for the general provisions of the food control law, which prohibit profiteering, the food administration has no further concern with this division of the food problem. County food administrators were notified by special bulletin to withdraw supervision of the mills of the state, in conformity with the announcement from Washington.

Plans for the retention of the butter and cheese storage regulations until the close of the present storage season, or until the proclamation of a legal peace, if circumstances later seem to warrant, were announced by the Food administration yesterday. Arrangements have been made by Dr. Harry Barnard to continue supervision of the storage houses, in order that there be no abuse of the regulations which limit storage charges and profits on these dairy products. It has been brought to the attention of the administration, Dr. Barnard states, that certain storage houses have been removing the "Cold Storage" tags required on all such products and selling the products for fresh. No matter how small the lot or unit of cold storage product, the food administration requires that the stamp be conspicuous indicating to the purchaser the exact nature of the product. Disposal of cold storage butter at fresh butter prices, the administration states further, is likely to be followed, if detected, by prosecution for profiteering, the fresh butter margin being in excess of the limit allowed on the storage product.

The food administration, it is stated, cannot hereafter assist in the adjustments of disputes due to rejection of shipments of cereals. The repeal of practically all rules governing adjustment of such disputes places responsibility back upon the shipper and buyer, in order that there be no undue waste from deterioration during the pendency of any dispute.

KNIGHTSTOWN MAN IS OUT

Arthur L. Stage seeks to be Assistant Clerk of House.

Knightstown, Ind., Dec. 26.—Friends of Arthur L. Stage of Knightstown are boosting him for the position of assistant clerk in the house of representatives for the coming session of the legislature and indications are bright that he will land. Mr. Stage is exceedingly well qualified for the position and if successful will take the position more to give service than to receive a political plum. Mr. Stage was formerly in the Knightstown bank and is a member of the Republican central committee.

Mr. Stage has the endorsement of the committee and Luther F. Symons of Lorisville, Henry county's representative, is said to look with favor upon his candidacy. Thus far Mr. Stage has no opposition for the place and his many friends here believe he stands an excellent chance of getting the position.

EXCHANGING GIFTS HOLDS SWAY TODAY

They Didn't Fit" or "They're Too Small" Are Frequent Remarks to Clerks.

KEEPING THE COST A SECRET

Although clerks put in many strenuous days before Christmas accommodating the wants of Rush county persons, their troubles were not over today by any means, for this was exchange day.

At 7 o'clock this morning, clerks began to hear: "They didn't fit, they are two sizes too small," and "I've got more of these than I can use now, I want to exchange this for something else." At 5 o'clock tonight, the many salesmen and saleswomen will yach with much pleasure for the locking of the entrance doors so to keep out "the late gift exchangers."

Exchange day is not a new institution. It, like Christmas, comes once a year, and it is often more dreaded than any other day in the year, for dispositions of customers on December 26 are always more or less disconcerting to those who have to be considerate.

Clerks, rather the older ones in experience, were very careful today not to disclose the cost of the article exchanged. Dodging the curiosity of the customer in this respect frequently resulted in the employment of clever ruses, but not with success in all cases. Clerks who enjoy reading "the faces of customers" frequently understood frowns and scowls.

ILLINOIS ASSEMBLY**WILL MEET JANUARY 8**

Will Have Two Decisions to Make—Federal Prohibition Amendment and Electing Delegates

WILL ALSO VOTE ON DRY LAW

(By United Press)

Springfield, Ill., Dec. 21.—When the Illinois General Assembly goes into session here Jan. 8, it will have two big decisions to make.

One will be on the federal prohibition amendment. Illinois "dry" claim to have a sufficient number of votes in both the house and senate to put this amendment over. On the other hand the "wets" make no such admissions. The count will be very close one way or the other. Impartial opinion indicates the measure will be adopted.

The 2nd big decision will be as to the manner of electing delegates to and the meeting time of, the constitutional convention.

Illinois' 1st constitutional convention was in 1840 and the second in 1870. Since the latter date there has been no change in the constitution of the state.

The convention resolution was passed by the last general assembly only after prolonged debate, and then by a very close vote. The position was adopted by the people at the last general election by an overwhelming majority.

477,366 REMOUNT ANIMALS

Washington, Dec. 26.—Army remount stock on hand when the armistice was signed included 477,262 animals, a War Department report issued yesterday shows. Of these 113,725 were cavalry and riding horses, 186,348 draft horses, 144,611 draft mules and 17,298 pack and riding mules, the remainder being unclassified.

NO MORE CONTROL**OVER ICE INDUSTRY**

Notice Has Been Addressed to The County Food Administrators of State by Dr. Barnard

RESPONSIBILITIES CEASES

Further direction or control over the ice industry has been abandoned by the United States food administration, it was announced in an official notice received from Washington today, by Dr. Harry E. Barnard, federal food administrator for Indiana. Notice has been addressed to the county food administrators of the state, by Dr. Barnard, withdrawing further responsibility in connection with the business, which in a large number of cases, has been assumed by the local officials.

Declaring the abandonment of further concern in the ice business was at the direction of Herbert Hoover himself, the Washington advises after expressing the satisfaction of the administration state further: "Because of the vision, the fairness and ability of the federal food administrators a delicate situation has been so handled as to accomplish beneficial results with a minimum of friction and criticism."

FRENCH CAPTIVES RETURN

Paris, Dec. 26.—Two hundred and seventy-five thousand French prisoners have returned from Germany. There still remain in Germany 200,000 Frenchmen, a large number of whom are already homeward bound.

17,000,000 ARE ENROLLED

Washington, Dec. 26.—An enrollment of nearly 17,000,000 was shown by reports from the American Red Cross Christmas roll call received last night at national headquarters here.

Sap and Salt

By BERT MOSES

It's astonishing how long rich relatives live!

Handsome men and beautiful women are rarely wise.

Classical music is a bit of melody surrounded by much noise.

Good society probably gets its name from the bad people in it.

Ladies intent upon regaining youth can get better results with fresh air than they can with cosmetics.

Health is somewhat more important than pleasure, but quite a few folks do not recognize this as being so.

Hez Heck says: "History began with a man, a woman, an apple and a snake. To these have since been added Congressmen, suffragettes, prunes and cats."

Paris seems to be large enough to accomodate two presidents.

The most dissatisfied persons in this country are young lieutenants who had just paid three hundred dollars for their outfits when the armistice was signed.

"Christmas comes but once a year," and very fortunately Christmas bills follow the same custom.

The Wise Men of old followed the Star, but the wise men of today would look at it through a telescope.

It certainly takes nerve for a visitor, uninvited in the first instance, to make a second visit without an invitation. Yet this is what the flu is doing throughout the country.

The news of Germany's bankruptcy will not be likely to surprise us when we realize that she not only had to support an army in Europe, but also an army of three hundred thousand propagandists in the United States.

We trust that wives and sweethearts will not object to the demonstrative affection shown by the returning soldiers at the sight of the first lady they meet in America.

By the way, she carries a torch.

**AMERICAN SOLDIERS
CURED BY ARMISTICE**

Remarkable Recovery From Shell Shock Reported by General Ireland After War Ends

2,500 OF SUCH PATIENTS

Washington, Dec. 26.—More than 2,000 American soldiers in France suffering from shell shock were cured by the news of the signing of the armistice, Surgeon General Ireland told the Senate military committee. Of 2,500 shell shock patients, the general said, all except about 300 were well almost immediately.

"It was the greatest experience in psycho-therapeutics known," the committee was told.

Plans of the army for dealing with shell shock cases were explained by the surgeon general and assistants. The principal hospital for such cases is at Plattsburg, N. Y., where virtually all patients are first sent upon being brought home. A large majority completely recover, it was stated, often within 24 or 48 hours.

London, Dec. 14. (By Mail).—British mint officials are interested in plans of the Czechoslovak nation for new coinage. The coins will be based on the French franc.

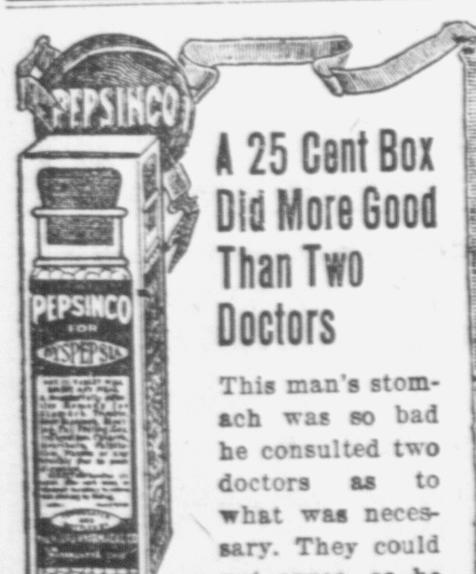

TAKEN TO REFORMATORY

Guy Newman, who was sentenced to serve a term of two to fourteen years in the circuit court several days ago, on a charge of second degree burglary for his part in the burglary at the E. E. Polk hardware store, was taken to Jeffersonville today by Deputy Sheriff Will Spivey.

**RADICAL REVISION
OF Y.M.C.A. PLANS**

Change in the Program will Assist in Conserving Recent Gifts of the Nation

GENERAL 'Y' WORK IS ENDED

Recruiting for Y. M. C. A. Forces Overseas Hereafter will be Limited to Specialists.

Recruiting for the Y. M. C. A. forces overseas hereafter will be limited to specialists, according to word just received from New York by E. M. Brown of Crawfordsville and Edgar Webb of Indianapolis, chairman and secretary, respectively, of the personnel board of the Indiana War Work Council. Educational work will be largely increased for the armies of occupation but the return of the American troops training in England and the early demobilization of various units in France have made a material change in the Red Triangle program, eliminating the need for general hut secretaries. The Y. M. C. A. as the leader in the war welfare organizations overseas, now has more than 5,000 workers in France alone.

The telegram from the National War Work Council follows: 'The Y. M. C. A. finds itself confronted, following cessation of hostilities, with the necessity for a radical revision of its program. The character of much of the work required under present conditions is quite different from that called for while the men were entering, leaving or in the trenches. Immediately following the armistice it was thought that a largely increased force would be needed and a call was made for more men. It is now known that entire classes of men heretofore required, will be no longer needed. The change in the program will assist very materially in conserving the recent gifts of the nation.'

Recognition of the self-sacrifice and willingness to face death on the part of the men who left their business to serve with the Y. M. C. A. is being given in the form of certificates of honorable discharge issued by the Red Triangle to those volunteers who were not sent overseas.

BARS AID CENTRAL POWERS

Red Cross not to Use Funds Except for Americans or Allies.

Washington, December 26.—The American Red Cross will use no part of its war relief fund for the benefit of the people of the central powers. In making this announcement yesterday in response to many queries George E. Scott, general manager of the organization, said:

"No relief work of any kind whatever is contemplated by the American Red Cross within the central powers except such as may be possible for the benefit of American or allied prisoners, refugees and internees."

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleanses out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

WILSON WELCOMED
TO LONDON TODAY

Continued from Page One
depth and sincerity of the feeling of
the United States for France.

It is an ancient friendship, but it
has been renewed and has taken on
a new youth. It is a friendship
which is not only tentative, but one
based upon a communion of prin-
ciple.

"You have spoken very generously
and beautifully of the relations
which have sprung up between our-
selves and our soldiers. That is
because they come not only to as-
sociate themselves with you as the
champion of liberty, but they come
with personal affections in their
hearts for the people of France, and
it must have been that which you
realized. They did not come as
strangers in their thoughts. They
did not come as strangers in their
thoughts. They brought with them
something that made them feel at
home the moment they were at Hav-
re or at Brest in France.

"So I am very much moved by
being thus drawn, as they have been,
into your midst and into your con-
ferences and wish to thank you very
warmly for them and the people of
the United States, if, like them, shall
carry away with me the most de-
lightful recollections and in my
heart shall always say as I now say,
'Vive la France!'"

LABOR BOARDS TO MAKE SURVEY

Request of State Director who Be-
lieves it Necessary for Dilution of
Skilled Labor.

FAMILIAR WITH CONDITIONS

Assisted by Ward Benevolence Or-
ganizations and will Work in Har-
mony with Them.

Indianapolis, Ind., Dec. 24.—To
the fact that Indiana acted promptly
when requested some months ago to
perfect the organization of Com-
munity War Labor Boards, by the
Employment Service of the United
States Department of Labor, is due
the more advantageous position of
the State today, in anticipation of
the industrial problems incident to
demobilization of the soldiers and
civilians in war work, and the facts
necessary for an intelligent ap-
proach to the problems of readjust-
ment. This is the word brought
back from a conference of repre-
sentatives of State Federal Labor
Directors, at the National Capitol,
by Mr. Fred Kleinsmith, of the office
of the Director for Indiana.

The Community Labor Boards

have undertaken at the request of
the State Labor Director to make
such surveys as were believed nec-
essary for the State Labor Director
to make such surveys as were
believed necessary for more intensive
dilution of skilled labor. They
are familiar in most instances with
industrial conditions, both as per-
tains to manufacturers and work-
ers. The experience of the past few
months is believed to have qualified
which involves finding the job for the
worker, rather than the worker for the
job, as was originally planned
for them.

The Labor Boards and Public
Service Reserve Directors will have
the assistance of the war benevo-
lence organizations and will work in
harmony with them. Where Coun-
cils of Defense continue to function,
these also will be incorporated in the
readjustment organization, which is
preparing to prevent as nearly as
possible unnecessary confusion in
industry, minimize idleness and
more especially provide suitable em-
ployment for those who are returning
from military duty.

SIX WILL ASSUME OFFICE JANUARY 1

County Officers Elected November 5
Will Begin Terms the First of
Next Year

FOUR OTHERS A YEAR LATER

Six county officers elected on No-
vember 5 will take office on the first of
January. Charles A. Frazee will
become county treasurer, succeeding
John O. Williams; Earl Priest will
succeed Henry Schrader as county
assessor and John Bowls of Mays
will enter his second term as county
commissioner from the northern dis-
trict. The other three officers who
begin new terms will also succeed
themselves—Albert Stevens as pros-
ecutor, Frank Catt and county sur-
veyor and W. R. Jinnett of Manilla
as representative in the state legis-
lature.

Four other county officials elect-
ed at the last election will not as-
sume office until the first of January 1920. Sheriff Jones will then enter his
second term and Harry (Hal) Gos-
nell will succeed J. E. Garrison as
commissioner from the southern dis-
trict. Lieut. W. S. Coleman will be
come county coroner, succeeding Dr.
John M. Lee, who is filling out the
unexpired term of Capt. Lowell M.
Green, and Howard Campbell of
Milroy will take office as county re-
corder.

URGING HUNGARY TO MAKE WAR ON POLES

Strong Faction at Budapest Seeking
to Embroil Their Country With
Czecho-Slovaks Also.

A VIOLATION OF ARMISTICE.

Washington, Dec. 26—Strong fac-
tions at Budapest are urging Hun-
gary to war upon the Poles and
Czecho-Slovaks, according to diplo-
matic advice received here today.

It was indicated that Hungarians
represented at Paris will refer to
the conference the Polish occupa-
tion of Galicia as a violation of the
armistice.

The Hungarians are opposed to
the advance of Polish legions in
Galicia retiring from Lemberg and
permitting the Poles and Ukrainians
to struggle over their crown claim to
territory.

DISTRICTS MAY BE CHANGED

Dearborn County May be Taken
From 4th and Put in 6th.

Indianapolis, Ind., Dec. 26—Var-
ious plans for changing the congres-
sional districts in the state by the
coming legislature are being ad-
vanced by leading republicans. Among
some of the changes pro-
posed are:

Taking Dearborn county from the
Fourth District and placing it in the
Sixth. Placing Lawrence county
now in the Third in the Second;
Placing Warren county now in the
Tenth in the Fifth.

BILL MAY BE PREPARED TO DIVIDE THE CIRCUIT

Fayette County Wants to Get Out of
Judicial District With Frank-
lin and Union

CONGESTION IN FAYETTE

Connersville, Ind., Dec. 26.—It is
hinted here that a bill will likely be
introduced in the next legislature to
change the thirty-seventh judicial
circuit, making a separate circuit out
of Fayette county and putting
Franklin and Union together.

When this circuit was established,
Connersville was a town, Brookville
was a town, as it still is; Liberty was
a town, as it is today, and the legal
operations of all three of them were
more than enough for an active
judge. Since then the changes in
Connersville have been more marked
than in the other two places. It
has forged clear out of its old classi-
fication, and is a good sized city,
growing steadily, and having quite
as much—some observers say more
—litigation per capita than the aver-
age Indiana city. Brookville and
Liberty too, with their developing
counties, have taken on some addi-
tional importance as court centers.
Upon the present circuit bench the
accumulating duties arising from all
these changes are saddled. The
Judge is not known to have com-
plained at all. But litigants see, and
lawyers know well, that the circuit
is too big for one, and that Con-
nersville ought, by every right, to
be a court unto itself.

The effect of the change would be
immediate, and certainly welcome.
Instead of the court having to run
from here, leaving a docket half
cleared, in order to hold court in
Liberty, and then in Brookville,
court would be in session here all
the time. Its business would, naturally,
fall into certain periods, but the
present and antedated arrange-
ment of terms, in the other counties,
would be done away with. The con-
gestion of dockets, now severe,
would come to an end, and every
point in the circuit would be the
gainer.

WILSON WELCOMED TO LONDON TODAY

Amid Booming of Guns and Cheering of Enormous Crowds, President Enters Capital.

IS MET BY KING AND QUEEN

Impressive Gathering of Notables at Station When Pres. and Mrs. Wilson Arrive.

Dover, Eng., Dec. 26.—The war was first won because it gave the world security against unjust aggression and established understanding between great nations for demanding justice," President Wilson said here today, responding to an address of the mayor shortly after stepping foot on English soil. The president also said, "He was glad to match his mind with minds of others who proposed to do their best in the great settlement.

London, Dec. 26.—Amid boom of guns and cheering of enormous crowds, President Wilson was welcomed to London this afternoon. King George and Queen Mary met him at the train. As he left his car a band played the Star Spangled Banner. The king quickly stepped forward when President Wilson appeared and shook hands with him cordially. Then Mrs. Wilson advanced, bearing a huge bouquet. The queen and Princess Mary were introduced. The president and the king reviewed the king's guard in the train shed. During the ceremony the guards stood at attention.

The king and President Wilson were engaged in a lively conversation as they walked. The king next introduced Premier Lloyd-George. He advanced and shook hands with utmost cordiality. There was an impressive gathering of notables at the station and after a number of them had been introduced, the king suggested that Wilson step into his carriage.

"If you will excuse me I will just shake hands," said President Wilson. He walked to a group of American officers and shook hands and then joined the king and entered his carriage.

Channonton, Dec. 26.—In his address to American soldiers Christmas day, President Wilson said that he did not find in the hearts of the great leaders with whom he was co-operating any difference of principle or of fundamental purpose.

In response to an address presented to him at the Hotel DeVille soon after his arrival here tonight, President Wilson said:

"I feel that I have been peculiarly honored in the generous reception you have given me, and it is the more delightful because it so obviously comes from the heart. And I can not but believe it is an instinctive response to the feeling that is in my own breast, because I think that even you, who feel contact with our soldiers, can not but realize the

TOTAL MEMBERSHIP 7,853

Red Cross Enrollment Increased 291 in Union Township

The official total of 1919 members of the Rush county chapter of the American Red Cross was raised to 7,853 today. The increase over the last report Tuesday was due to 291 additional memberships being reported from Union township, making 591 members or 49.1 percent of the population enrolled.

All farms and factories, all of whose employees are enrolled in the Red Cross for 1919, are urged to call at headquarters at the recorder's office in the court house and get their flags and 100 percent membership cards.

ONLY 6 NEW CASES IN FOUR DAYS HERE

Fewer Influenza Patients Found in Rushville, Daily Average For Month Being Seven

NO NEW CASES ELSEWHERE

Only six new cases of the influenza have developed in Rushville in the last four days, according to reports received by the secretary of the city board of health, Dr. J. B. Kinsinger. No new cases from elsewhere in the county have been reported to the county health officer, Dr. E. J. Wooden.

Two of the six additional patients in the city were afflicted Monday, two Tuesday, one Wednesday and one today. These six make a total of 183 cases reported in Rushville this month, which is an average of seven a day. The daily average has been reduced since the middle of the month.

The new cases in Rushville are: Mrs. Andy Moore, 424 West Fifth street; Clara Belle, age 3, and Opal Warrick, age 5, 1121 West Market street; Mrs. Guy Mularkey, 917 North Harrison; Thomas Reardon, 305 West First street and Mrs. George Monjar, 212 West Second street.

MESSAGE FROM SON IN RUSSIA XMAS GIFT

Mr. and Mrs. Bert Mull Receive Cablegram From Leslie Mull Who is at Archangel.

MANY SOLDIER SONS WIRE

"Season's Greetings—Am feeling fine."

The message which found its way into the home of Mr. and Mrs. Bert Mull in Walker township late Christmas evening brought Christmas cheer which gifts could not replace, for the message had its beginning some hours before when their son Leslie, who is stationed at Archangel, Russia, flashed greetings to his parents half way around the world.

Since August young Mull has been stationed in northern Russia with the 85th division, the members of which vainly attempted to keep peace among the numerous factions of the country. He is a member of an engineering unit and according to letters received by his parents, has participated in numerous scouting expeditions against the Bolsheviks.

Telegrams also played an important part in homes, bringing the Christmas spirit to Rush county homes as throughout the entire day messages from the boys of old Company B, who recently landed at Camp Merritt, gladdened scores of homes in every part of the county. The same strain ran through each message:

"Advantages will be home soon."

CIVILIANS JOINING REVOLTING SAILORS

Berlin Dispatch Received at Copenhagen Says Government's Position is Dangerous

SEVENTY KILLED IN BERLIN

Copenhagen, Dec. 26.—Troops and civilians are joining the revolting sailors in Berlin, according to a dispatch from the German capital received here today. The dispatch, sent Christmas night, said that the government's position was becoming more dangerous. Two regiments have joined the rebels. Leaders of the revolutionists stated the whole Berlin garrison will soon join.

Marines from Kiel and Wilhelmshaven are reported enroute to Berlin to help the revolting strikers. It is believed, according to Berlin advices, that nearly 100 have already been killed in street fighting.

Berlin, Dec. 26.—Seventy persons were killed and many more wounded in the sailors uprising, in which the Royal palace was seized, newspapers estimated today.

It is officially claimed that the quick suppression of the conspirators has convinced the sailors that they are powerless to cause further trouble and that they have pledged themselves not to oppose the government again.

IS ASKED TO WRITE DRAFT OBSERVATIONS

Local Board Requested to Tell Something About Human Side of Conscription

TO BE SENT TO WASHINGTON

The local army selection board, which sealed the county records on the selective draft about ten days ago, has still another task to perform. This time, however, it is not an order, but a request, which comes from E. H. Growder, provost marshal general.

He has asked that members of boards forward by December 31 and brief chronicle of incidents regarding the operations of the selective service law. George B. Moore, Jr., clerk of the board, has already written three type-written pages detailing some of his observations.

Board members are asked to write on any subject—mobilization, classification or any other feature. It is pointed out by the provost marshal general that the records of the selective service law will not be complete with only the cold statistics. Instead, the government wants to file in the archives at Washington something of the human side of the law which broke all American precedents.

German Cabinet Agrees With President, Scheidmann Declares

(By United Press.)

Berlin, Dec. 26.—"We are all heartily in accordance with President Wilson," declared Phillip Scheidmann, member of the German cabinet, in an interview today. This statement summed up his analysis of the German attitude toward the peace settlement. Scheidmann said that a stable government will be established—a responsible constitutional government to deal with the allies and the United States. All disorder in Germany will disappear shortly, he promised. The Bolsheviks, he asserted, is rapidly dying.

THOUSANDS CHEER AMERICA'S FLEET

Greatest Naval Review in American History on Occasion of Battle Squadron's Return

NAVY NOW A SINGLE UNIT

(By United Press.)

New York, Dec. 26.—America's battle fleet returning victorious from the war, was welcomed home today by cheering thousands. A small storm blotted the sight as they moved up the bay and passed the Statue of Liberty where, Secretary Daniels reviewed them from the deck of the presidential yacht, Mayflower. Preceding the fleet came a swarm of small submarine chasers clearing the way. It was the greatest naval review in American history, as it marked the day when the United States formally assumed its place as the second naval power of the world. The navy today had its first being as a single unit.

The review was the official welcome to the Atlantic fleet which for nearly two years has kept the United States flag flying in European waters. The home coming fleet comprised Admiral Mayo's flagship, the Pennsylvania, and nine other dreadnaughts.

Arizona, Oklahoma, Nevada, Florida, Utah, New York, Texas, Wyoming, and Arkansas.

SNOWFALL MAKES XMAS AN IDEAL DAY

Weatherman Hits It on Prediction of Colder, Temperature Dropping to 18 Above

I AND HALF INCHES OF SNOW

Although the weather man missed the first time he predicted colder weather and snow this week, he was right the second time and provided a "white" Christmas, with all of the "trimmings," including the moderately cold weather, which go to make Christmas ideal. Since the weather man made good, he is not to be censured the next time he fails.

Eight-tenths of an inch of snow fell Christmas eve so that old Santa Claus did not have to forsake his time-honored vehicle, the sleigh, to reach the homes of all the good little folks. Five-tenths of an inch fell Christmas day, according to the records of the county weather observer, Elwood Kirkwood, of Mauzy, making a total of one and a half inches of snow on the ground today.

The temperature dropped to eighteen degrees above zero during last night, which is the coldest of the winter, and this morning at ten o'clock had raised only one degree. Fair and slightly warmer weather is promised for tonight and tomorrow.

RICHMOND TO PLAY HERE

Rushville Quintet to Meet Strong Team Friday Night.

(By United Press.)

The Rushville high school basketball team will meet the Richmond high school five here tomorrow evening at 7:30 o'clock at the Graham Annex gymnasium.

This will be the stiffest proposition the local quintet has had this season and they hope to make a good showing against the team which is always regarded as the strongest in this section of the state. Since Rushville's victory over Brookville recently, the team has recovered from an early season slump, brought on by lack of practice and injuries, and is going into the game to win. The admission will be 25 cents.

MRS. GRACE KLENK IS DEAD

Former Resident of This City, Expires Tuesday Morning

Mrs. Grace Klenk, wife of Robert Klenk died at ten o'clock Tuesday morning at her home in Connerville. The ailment was double pneumonia. The deceased was born in this city, October 28, 1896, and was the daughter of Mr. and Mrs. Jacob Roth. All her life time was spent in this city until two years ago, when she moved with the family to Connerville. Her death comes as a great shock to her many friends in this city and in the vicinity that she was living. Besides her husband and parents, a baby daughter, fifteen months old, one sister Miss Murilla Roth and one brother Ernest Roth, survive her.

HOOSIERS ENJOY A CHRISTMAS DINNER

Rush County Boys With 139th Field Artillery Pass Day Pleasantly at Camp Merritt, N. J.

RED CROSS AND Y M C A HELPS

Rush county boys with the 139th Field Artillery, which arrived from overseas Monday and is in quarantine at Camp Merritt, New Jersey, enjoyed a Christmas dinner, with turkey and all the other things which go with a Christmas meal, according to dispatches from New York today. The holiday was also marked by a band concert during the dinner hour.

The camp Y. M. C. A. presented each soldier visitor to its hut with a pair of stockings generously filled with nuts and oranges and the Red Cross distributed boxes of candy. Christmas entertainments were given last night in the huts of the various welfare organizations.

Fifty per cent of the enlisted men and all officers that could be spared from camp had passes which permitted them to spend the day in New York city, which holds more interest for our returning soldiers than did Paris.

HALF OF OFFICERS TO LEAVE THE ARMY

Fifty Per Cent With Forces in Germany Indicate They Will Return to Civil Life.

QUESTIONNAIRES SENT OUT

(By United Press.)

With the American Army of Occupation, Dec. 26.—The distribution among officers of questionnaires asking whether they desire to remain in the army or return to civil life, has set thousands of them wondering what they will do when there is no longer use for them in the army. A canvass among the officers, disclosed that the greatest majority have filed in their claim that they desire to return at once to civil life. At least fifty per cent of these, it was declared, will return to their homes, ready to tackle some new pursuit.

They regard the war as the turning point in their lives, offering them an opportunity to start anew.

Many are uncertain as to what occupation they will select when they get back to the states. Young officers as well as enlisted men, who have not had the advantage of college education or who have not completed a course, will go to school.

INSTALLATION FRIDAY

Phoenix Lodge No. 62, F. & A. M. will have installation of officers at 7:30 o'clock Friday evening. It earnestly requested that every member be present.

HOSPITAL MAY BE BUILT BY COUNTY

If one is erected as Memorial, Public Contributions Will not be Necessary.

CONTRARY TO BELIEF HERE

State Law Provides Commissioners May Appropriate if Authorized at an Election.

It is apparently the opinion of many that if a county hospital were built as a memorial to the soldiers from Rush county who fought in the world war, that it would have to be done by public contributions. This is far from the case because these is a state law which allows the fixing of a tax levy to raise the required amount both to build and maintain a county hospital.

The county commissioners purchased the old county fair grounds last fall and it was then generally believed that the board had in mind then the fact that the ground would make an ideal site for a county hospital. Previous to the time the purchase was made, there had been some agitation for a tri-county tuberculosis hospital, to be built and supported by Rush, Decatur and Shelby counties.

Rushville physicians frowned on such a scheme, declaring that it would be far more satisfactory for the county to build a hospital under the terms of the state law. The commissioners have not the authority to levy a tax or make the appropriation to build a hospital, but must first be authorized at a special election which they may call when a sufficient number of freeholders petition for one. The terms of the law, briefly stated, are as follows:

Two hundred or more freeholders of the county, 100 of whom live outside of the city in which it is proposed to locate the hospital, must the presentation of such petition the board must call an election at which election the question as to whether or not there shall be an appropriation must be voted upon by the qualified voters of the county.

The amount appropriated must not exceed one hundred thousand dollars and the taxation for that purpose must not exceed two mills. There must be a bond issue and the bonds may be made to run twenty years, lightening the taxation each year by such apportionment.

The commissioners, in the event that such election carries, must appoint four trustees. Not more than two of these must be of the same political party and at least two must live outside the city in which the hospital is to be located. No practicing physician can be appointed to a place on the board. The members appointed to places on this board must determine by lot the length of their terms as one expires each year. After the first year the board of commissioners appoint one each year as the terms expire.

The hospital will be an institution to assist in the proper care of the sick and aid to the injured. It will be for the rich and poor alike. Those who are able to pay will be charged reasonable rates—those who are unable to pay will be cared for as well. It will be an institution for the proper exercise of the skill of the physical and the care of the nurse. Politics, religious belief, fraternal or social status or place of residence will not be considered—it is for all.

FORMER GOVERNOR DIES.

Little Rock, Ark.,

NOTICE RETAIL DRUGGISTS NO MORE VAPORUB DIRECT BUY IT FROM YOUR JOBBER

Effective immediately, No More Direct Shipments Will be Made Retailers. All Shipments Now Go To Jobbers for Redistribution.

When the influenza epidemic struck the country and wiped out our warehouse and jobbers' stocks almost over night, we were faced with the problem of distributing—to the stricken districts—in the quickest possible manner—our daily output of VapoRub. We solved this by offering to ship direct to the retailers in these influenza districts, by parcel post prepaid, quantities of not more than three dozen Vapo-Rub in any one shipment, and by shipping what was left from our daily production to our jobbers by express instead of freight.

This was costly, but it solved the problem for the time being. Now, however, we find that these small shipments are constantly increasing, we have received as many as 1,306 in a single mail. It is becoming impossible for us to fill these promptly, and instead of distributing our

goods more quickly, they are really slowing up the process.

We believe that we can serve you better now by reverting to our former policy of shipping exclusively through the jobber, and effective immediately, no more drop shipments will be made.

While we have put on a night shift and have thereby, about doubled our production, we are still unable to fill our back orders and won't be able to give each jobber all the VapoRub he wants. Hence, if it will be necessary for the jobbers to continue distributing VapoRub in small lots only. But we will be able to furnish each jobber at least twice the quantity of VapoRub that he purchased for the corresponding month last year, so there should not be any difficulty in your getting your pro rata share.

We feel that the public appreciates the service that the retail and wholesale drug trade have rendered the country in this time of stress. We wish to express to both branches of the trade our thanks for the kind co-operation extended us in our efforts to meet this emergency.

KANSAS BECAME SOLDIER STATE

When Boys Returned from Civil War it Offered Such Inducements State Was Flooded.

LAND STILL UNHOMESTEADED

Problems of Placing Boys on Farms Will be Difficult Because of Lack of Land.

(By United Press.)

Topeka, Kan., Dec. 26.—As the Kansas boys begin to come back from the war, and the problem of placing them on the Kansas farms, already pretty thickly populated, is considered, the boys' fathers are telling how it was done when they returned from the war, following demobilization of the Union army.

The conversation usually leads to the conclusion for settlement by the returning soldier who has little besides his strength and determination as capital.

There is some land still unhomesteaded in the extreme western part of the state, but it is not suitable for farming. Some of it might be made suitable for farming. Some of it

might be made suitable by irrigating, but no young man who needs a farm for a living could afford to do the irrigating. It would have to be undertaken with public money, and it is fairly certain that there won't be a lot of public money available for the purpose when the boys get home—as they already are getting home.

The farms from which most of the Kansas boys went will reabsorb most of them without much difficulty just as most of the rest of the country will reabsorb most of its quota of soldiers, leaving the unemployment problem not much worse than it was before the war, after peace conditions have taken the place of war conditions. The question of displacing woman labor is not so important in Kansas as in the manufacturing states.

When the boys come back from the civil war, Kansas was practically all virgin prairie, and the homestead law offered the returning trooper such inducements to take up claims in the new country that they swept into the state like a flood. Kansas had sent to the Union army more soldiers than she had voters, without the use of conscription. When those who were left alive from the 16 Kansas regiments returned, they were accompanied by tens of thousands of strangers who had fought for the Union.

The Kansas State Historical society estimates there were 150,000 war veterans in the state in 1885. Other thousands had come and gone during the 20 years between the close of the war and that date. Many had been chased back East during the first few years of their settlement by armies of grasshoppers that foraged the country much more thoroughly than any of the boys in blue had foraged the invaded south.

Kansas was distinctly a soldier state. With the energy and enthusiasm of returning conquerors who had been given a chance, they broke out the prairie, built roads, made their humble homes, and turned a desert of coarse grass into a garden empire. The land some of the late comers paid \$5 an acre for now sells for from \$250 an acre up. There were no Bolsheviks among those returning soldiers, and nobody worried about the social, economic, or industrial unrest that might follow their demobilization. There was land enough for all, and the terms were most liberal. Their only unrest was that caused by rain dripping through their shanty roofs.

In 1881, when the old soldier rule was practically complete in Kansas 90 percent of the legislature was composed of old soldiers, and the same class of citizens held practically all the city and county offices in the state. The old boys have retired from most of the public offices now, and are ready to turn them over to the new returning army. Meanwhile the men who were too young for the first war, and too old for the last one, and perhaps had their hands in the little Spanish-American episode, have been helping the old boys hold on till the young fellows get back from Germany.

SPECIAL MILLING RULES STOPPED

Plans for Retention of Butter and Cheese Storage Regulations Have Been Announced

STORAGE HOUSES CONTINUE

Food Administration Cannot Assist in Disputes Due to Rejection Shipments of Cereals.

All special milling rules have been discontinued upon order of the United States Food administration. Dr. Harry E. Barnard, federal food administrator for Indiana, today announced that except for the general provisions of the food control law, which prohibit profiteering, the food administration has no further concern with this division of the food problem. County food administrators were notified by special bulletin to withdraw supervision of the mills of the state, in conformity with the announcement from Washington.

Plans for the retention of the butter and cheese storage regulations until the close of the present storage season, or until the proclamation of a legal peace, if circumstances later seem to warrant, were announced by the Food administration yesterday. Arrangements have been made by Dr. Harry Barnard to continue supervision of the storage houses, in order that there be no abuse of the regulations which limit storage charges and profits on these dairy products. It has been brought to the attention of the administration. Dr. Barnard states, that certain storage houses have been removing the "Cold Storage" tags required on all such products and selling the products for fresh. No matter how small the lot or unit of cold storage product, the food administration requires that the stamp be conspicuous indicating to the purchaser the exact nature of the product. Disposal of cold storage butter at fresh butter prices, the administration states further, is likely to be followed, if detected, by prosecution for profiteering. The fresh butter margin being in excess of the limit allowed on the storage product.

The food administration, it is stated, cannot hereafter assist in the adjustments of disputes due to rejection of shipments of cereals. The repeal of practically all rules governing adjustment of such disputes, places responsibility back upon the shipper and buyer, in order that there be no undue waste from deterioration during the pendency of any dispute.

Cattle Buying for Swift & Company

Swift & Company buys more than 9000 head of cattle, on an average, every market day.

Each one of them is "sized up" by experts.

Both the packer's buyer and the commission salesman must judge what amount of meat each animal will yield, and how fine it will be, the grading of the hide, and the quantity and quality of the fat.

Both must know market conditions for live stock and meat throughout the country. The buyer must know where the different qualities, weights, and kinds of cattle can be best marketed as beef.

If the buyer pays more than the animal is worth, the packer loses money on it. If he offers less, another packer, or a shipper or feeder, gets it away from him.

If the seller accepts too little, the live-stock raiser gets less than he is entitled to. If he holds out for more than it is worth, he fails to make a sale.

A variation of a few cents in the price per hundred pounds is a matter of vital importance to the packer, because it means the difference between profit and loss.

KNIGHTSTOWN MAN IS OUT

Arthur L. Stage Seeks to be Assistant Clerk of House

Knightstown, Ind., Dec. 26.—Friends of Arthur L. Stage of Knightstown are boosting him for the position of assistant clerk in the house of representatives for the coming session of the legislature and indications are bright that he will land. Mr. Stage is exceedingly well qualified for the position and if successful will take the position more to give service than to receive a political plum. Mr. Stage was formerly in the Knightstown bank and is a member of the Republican central committee.

Mr. Stage has the endorsement of the committee and Luther F. Symons of Lewisville, Henry county's representative, is said to look with favor upon his candidacy. Thus far Mr. Stage has no opposition for the place and his many friends here believe he stands an excellent chance of getting the position.

ILLINOIS ASSEMBLY

WILL MEET JANUARY 8

Will Have Two Decisions to Make—Federal Prohibition Amendment and Electing Delegates

WILL ALSO VOTE ON DRY LAW

(By United Press)

Springfield, Ill., Dec. 21.—When the Illinois General Assembly goes into session here Jan. 8, it will have two big decisions to make.

One will be on the federal prohibition amendment. Illinois "drys" claim to have a sufficient number of votes in both the house and senate to put this amendment over. On the other hand the "wets" make no such admissions. The count will be very close one way or the other. Impartial opinion indicates the measure will be adopted.

The 2nd big decision will be as to the manner of electing delegates to and the meeting time of, the constitutional convention.

Illinois' 1st constitutional convention was in 1840 and the second in 1870. Since the latter date there has been no change in the constitution of the state further.

The convention resolution was passed by the last general assembly only after prolonged debate, and then by a very close vote. The proposition was adopted by the people at the last general election by an overwhelming majority.

477,366 REMOUNT ANIMALS

Washington, Dec. 26.—Army remount stock on hand when the armistice was signed included 477,366 animals, a War Department report issued yesterday shows. Of these 113,725 were cavalry and riding horses, 186,348 draft horses, 144,611 draft mules and 17,298 pack and riding mules, the remainder being unclassified.

NO MORE CONTROL

OVER ICE INDUSTRY

Notice Has Been Addressed to The County Food Administrators of State by Dr. Barnard

RESPONSIBILITIES CEASES

Further direction or control over the ice industry has been abandoned by the United States food administration, it was announced in an official notice received from Washington today, by Dr. Harry E. Barnard, federal food administrator for Indiana. Notice has been addressed to the county food administrators of the state, by Dr. Barnard, withdrawing further responsibility in connection with the business, which in a large number of cases, has been assumed by the local officials.

Declaring the abandonment of further concern in the ice business was at the direction of Herbert Hoover himself, the Washington advises after expressing the satisfaction of the administration state further: "Because of the vision, the fairness and ability of the federal food administrators a delicate situation has been so handled as to accomplish beneficial results with a minimum of friction and criticism."

Reclaiming Waste Lands.

At the close of the Civil War the United States possessed a Western public domain which seemed almost boundless in extent.

Many of the soldiers, accustomed by their military experience to an out-of-doors life, felt the call of the land. In large numbers they took up government claims and devoted themselves to a farming life.

Our great army, also coming back from a vigorous out-of-doors life, is likely to feel the same call.

Secretary Lane, realizing that we have not the desirable public lands of forty-three years ago, wisely proposes the reclamation of waste lands owned by the government to furnish the soldiers with the opportunity of becoming farmers or fruit growers.

The secretary states that there are over two hundred million acres of waste land in the United States capable of such transformation. They consist of arid lands requiring irrigation for fertility, swamp lands requiring drainage, and cut-over forest areas, needing further clearing.

Bringing these lands to usefulness would require a large expenditure of money, but under good administration would give immediate opportunity for labor, and would eventually provide many thousands of soldiers with their own farms.

It would also add materially to the national wealth. If he confers a benefit to humanity who "makes two blades of grass grow where one grew before," certainly a plan which makes land hitherto useless grow valuable products also benefits humanity.

A 25 Cent Box

Doctors

This man's stomach was so bad he consulted two doctors as to what was necessary. They could not agree, so he followed a friend's advice and took Pepsinco.

The very first day he noticed an improvement. After a few days his food stopped hurting him. In a week's time he was feeling good. He took Pepsinco until he could sit down and eat what he wanted without distress.

Dramatists call lots of Pepsinco because it really does help the stomach. Ask your druggist for a small trial package and cure your stomach trouble.

Sap and Salt

By BERT MOSES

It's astonishing how long rich relatives live!

Handsome men and beautiful women are rarely wise.

Classical music is a bit of melody surrounded by much noise.

Good society probably gets its name from the bad people in it.

Ladies intent upon regaining youth can get better results with fresh air than they can with cosmetics.

Health is somewhat more important than pleasure, but quite a few folks do not recognize this as being so.

Hez Heck says: "History began with a man, a woman, an apple and a snake. To these have since been added Congressmen, suffragettes, prunes and cats."

Paris seems to be large enough to accomodate two presidents.

The most dissatisfied persons in this country are young lieutenants who had just paid three hundred dollars for their outfits when the armistice was signed.

"Christmas comes but once a year," and very fortunately Christmas bills follow the same custom.

The Wise Men of old followed the Star, but the wise men of today would look at it through a telescope.

It certainly takes nerve for a visitor, uninvited in the first instance, to make a second visit without an invitation. Yet this is what the flu is doing throughout the country.

The news of Germany's bankruptcy will not be likely to surprise us when we realize that she not only had to support an army in Europe, but also an army of three hundred thousand propagandists in the United States.

We trust that wives and sweethearts will not object to the demonstrative affection shown by the returning soldiers at the sight of the first lady they meet in America. By the way, she carries a torch.

**AMERICAN SOLDIERS
CURED BY ARMISTICE**

Remarkable Recovery From Shell Shock Reported by General Ireland After War Ends

2,500 OF SUCH PATIENTS

Washington, Dec. 26.—More than 2,000 American soldiers in France suffering from shell shock were cured by the news of the signing of the armistice. Surgeon General Ireland told the Senate military committee. Of 2,500 shell shock patients, the general said, all except about 300 were well almost immediately.

"It was the greatest experience in psycho-therapeutics known," the committee was told.

Plans of the army for dealing with shell shock cases were explained by the surgeon general and assistants. The principal hospital for such cases is at Plattsburgh, N.Y., where virtually all patients are first sent upon being brought home. A large majority completely recover, it was stated, often within 24 or 48 hours.

**RADICAL REVISION
OF Y.M.C.A. PLANS**

Change in the Program will Assist in Conserving Recent Gifts of the Nation

GENERAL 'Y' WORK IS ENDED

Recruiting for Y. M. C. A. Forces Overseas Hereafter will be Limited to Specialists.

Recruiting for the Y. M. C. A. forces overseas hereafter will be limited to specialists, according to word just received from New York by E. M. Brown of Crawfordsville and Edgar Webb of Indianapolis, chairman and secretary, respectively, of the personnel board of the Indiana War Work Council. Educational work will be largely increased for the armies of occupation but the return of the American troops training in England and the early demobilization of various units in France have made a material change in the Red Triangle program, eliminating the need for general hut secretaries. The Y. M. C. A. as the leader in the war welfare organizations overseas, now has more than 5,000 workers in France alone.

The telegram from the National War Work Council follows: 'The Y. M. C. A. finds itself confronted, following cessation of hostilities, with the necessity for a radical revision of its program. The character of much of the work required under present conditions is quite different from that called for while the men were entering, leaving or in the trenches. Immediately following the armistice it was thought that a largely increased force would be needed and a call was made for more men. It is now known that entire classes of men heretofore required will be no longer needed. The change in the program will assist very materially in conserving the recent gifts of the nation.'

Recognition of the self-sacrifice and willingness to face death on the part of the men who left their business to serve with the Y. M. C. A. is being given in the form of certificates of honorable discharge issued by the Red Triangle to those volunteers who were not sent overseas.

BARS AID CENTRAL POWERS

Red Cross not to Use Funds Except for Americans or Allies.

Washington, December 26.—The American Red Cross will use no part of its war relief fund for the benefit of the people of the central powers. In making this announcement yesterday in response to many quides George E. Scott, general manager of the organization, said:

"No relief work of any kind whatever is contemplated by the American Red Cross within the central powers except such as may be possible for the benefit of American or allied prisoners, refugees and internees."

"Neutrone Prescription 99" in a few days will permanently limber up and remove all aches and pains that none except a rheumatic sufferer. The most skeptical persons have at once become its warmest endorsers.

As a relieved patient expressed it, "You can distinctly feel a modification of stiffness in your joints and muscles."

"Neutrone Prescription 99" acts in a mysterious manner that is almost unbelievable, when in fact it immediately relieves the most obstinate cases of rheumatism.

Are you troubled with rheumatism? If you are, "Neutrone Prescription 99" will cure you, yes, entirely.

Go to your druggist and say good-bye rheumatism! Millions have given up their aches and pains.

McINTYRE'S

Frank Keenan at Mystic.

Frank Keenan will appear in "Loaded Dice" at the Mystic theater tonight. Although Mr. Keenan plays the part of a man utterly heartless and conscienceless, who stoops at nothing to gain his ends and plays it so tremendously that anyone would believe that in private life he is an utter villain, the actor is far from that.

Keenan is a man with a heart, and a big one, too, as many incidents in his career prove.

"Loaded Dice" is said to be the best picture Keenan has yet starred in. It is powerful and dramatic and well produced.

Enid Bennett Here Tonight.

Dainty Enid Bennett, Australian screen star, now under the Thomas H. Ince banner in Paramount pictures, came to this country a few years ago with a dramatic company and appeared in important productions.

She was seen by Mr. Ince and engaged for pictures. From the some of her finest work has been beginning she was a success and done for Paramount. Her first under these auspices was "The Keys of the Righteous" and it was followed by "Naughty, Naughty." She will be seen in "A Desert Wooing" at the Princess theatre tonight.

Miss Bennett became Mrs. Fred Nibley recently. Mr. Nibley was the husband of the late Josephine Cohan and is an actor of great popularity. The two live in a handsome home in Los Angeles and Miss Bennett (or Mrs. Nibley) made "A Desert Wooing" just after their honeymoon, which was spent in Northern California.

Miss Bennett has with her, her mother, and three sisters. Marjorie, the eldest next to Enid, also appears in the films. Miss Bennett is fond of the West though loyal to Australia as well and frequently has little receptions at which her family and Sylvia Bremer, another Paramount actress, and also an Australian, are the guests.

The weekly allied war review will

be an additional attraction tonight. Friday Bryant Wasburn, a screen favorite here, will be seen in "Till I Come Back To You." Charlie Chaplin in what is regarded by many as the best picture he ever made, "Shoulder Arms," will be at the Princess January 2, 3 and 4.

Experience" at Shubert Murat

For an engagement of three days, beginning Monday evening, December 30th, and including a matinee Wednesday, "Experience" will return to the Shubert Murat Theatre, under the management of the producers William Elliott, F. Ray Comstock and Morris Gest. Many of the players in the east are the same as were seen here when the play was first produced in 1914 at a Lamb's Gambol, and indeed, the company has been kept intact as far as it has been possible to do so, in so long a period.

The play is in ten scenes and the gorgeous costumes worn by the stunningly beautiful women in the cabaret scene will mark a new epoch for fashion on the local stage. The scenery is massive and magnificent, and is effective and pleasing to both audience and players. Nothing like the extraordinary appeal of "experience" to theatergoers has ever been known in the history of theatricals. It is not only a wonderful entertainment, full of comedy, laughs and thrills, but it also tells such a strong moral lesson that it is invariably received with enthusiasm by all the clergy in the cities in which it has been presented. The governors of seventeen states have endorsed it and also it has received the commendation of innumerable clergymen, teachers, parents and others.

Notable players in the strong cast are Duncan Penwardin, Raymond Van Sickle, Frazer Coulter, Marie Horne, Marion Holcome, Dorothy Newell, Elba Andrus, Dodo Barnard, May McManus, Blanche Crossan, Billy Betts, and Harry Lane.

Tickets can be purchased from Hargrove & Mullin, Drug Store, this city.

Never mind how often you have tried and failed, you can stop hunting, looking quickly by applying a little paint furnished by any druggist for 25c. Extra large bottle, \$1.00. Painting begins the moment paint is applied. In a short time usually every trace of scuff, tear, plug hole, nail, blackheads and similar skin disease will be removed. For cleaning the skin and making it especially luminous, remove the scurf, the scab, the dead skin and to do not scratch. When old skin is off it is the new skin that grows.
